Each scarecrow site is 6' x 6'. A single 2" PVC pipe will be provided for a scarecrow post to sit in. A 2 x 2 shaved down post works best. Please be sure to bring all necessary tools (duct tape, scissors, hammer, nails, etc.) to set up your scarecrow. Scarecrows will be out in all sorts of weather so plan accordingly and anchor all pieces securely. Please do not rely on duct tape; it does not hold up in the wind and rain.

Don't forget to read our fine print – The Cockayne Farmstead:

- Is not responsible for the maintenance of any scarecrow during the contest and is not responsible for damage, vandalism or theft incurred during the contest.
- Reserves the right to adjust displays to fall within the specified guidelines and
- NO ELECTRICITY is available for scarecrow displays. Please use battery power for special illumination. Your scarecrow will be much more noticeable in the evening if it is lit up!

Setup begins Thursday, October 14 and scarecrows are to be removed by November 5, 2022. For info on how to weatherproof your scarecrow, visit www.makescarecrows.com
